EXPERIENCE

Supply Chain Consultant   2020 – Present
Owens & Minor   Alpharetta, GA
Key Accomplishments:
- Updating and presenting monthly S&OP to Executive Leadership Team on assigned product category
- Integrating new business acquisitions into company systems and developing standards and KPIs to match company goals
- Managing backorders during pandemic related supply chain disruptions: reduced backorders from $2.6M to $600K by managing customer orders and expediting shipments when possible
- Multiple responsibilities within the Supply Chain organization including: Strategic Planner, Category Manager, Demand Planner, Logistics Specialist, and Tactical Planner

Senior Planner   2016 – 2020
Verescence   Covington, GA
Key Accomplishments:
- Implemented S&OP process for North America plant and led monthly review meetings with the Executing Leadership Team
- Improved company OTIF from 86% in 2016 to a sustained 98% by reevaluating ABC analysis, reinforcing MOQs, and production inefficiencies
- Global planning committee stakeholder for all global demand reviews, open order books, plant optimizations, CAPEX projects, and S&OP reviews
- Generated SLAs with key customers to define safety stock levels and lead-time

Production Planner / Master Scheduler   2015 – 2016
Pamarco Global Graphics   Marietta, GA
Key Accomplishments:
- Created and implemented service level and plant specific production KPIs
- Generated master schedules for production to follow for 4 manufacturing plants
- Coordinated with plant managers from all sites to ensure master schedule is being met
- Attended weekly sales forecast meetings to allocate resources needed for projected future demand

Production Planner / Master Scheduler   2012 – 2015
Foxconn NSG Technology   San Jose, CA
Key Accomplishments:
- Managed a variety of major accounts and projects: Brocade, Cisco, Arris, ViaSat, Pure Storage, Google, GoPro
- Scheduled and planned approximately $14M revenue of projects monthly with a variety of different accounts, making sure to meet customer demand while also operating in the most cost-efficient way
- Collaborated with all internal cross-functional teams in all departments on NPI and sustaining projects
- Directly responsible for coordinating and executing production projects that generated approximately $6M monthly revenue (40% of company's monthly revenue)

EDUCATION

Boot Camp Certificate: Georgia Tech, Atlanta, GA
A 24-week intensive program focused on gaining full-stack web development skills in HTML5, CSS3, JavaScript, jQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.

Associate of Science, Business Administration: Georgia Perimeter College, Dunwoody, GA
